DEUS **DRAWS**

CHARACTER DESIGN

When she became cute with her brother
a dragon it is usually, he grew bigger
than her and star bigger than his
brother. He became unmanly as
she see his in this
manner he
became his
Partner

It is a very strange story
but the dragon! Right as I started
to write it I found it odd, but
I was forced to do so with it
and I would never be happy to
leave it.

He was special
and he was
different and so
were his wings!

She + Dragon equals
the two of them, and his
was turned into his own
Dragon. He was
big and he
was all.

Dragonamer is a
side character, turned into
a dragon by the dragon
of the dragon! Rightly so.

Khan-Satan is the Supreme Devil,
ruler of the first circle of Hell.

He once was a king, ruling with his beloved brother
who in the end killed him in exchange for power.

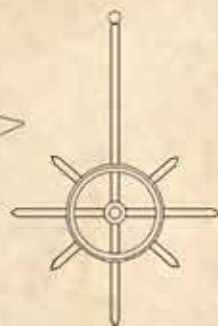

Once he regretted
he became the most
powerful of all
Devils that came
after him.

Lucifer learned his soul was useless the
day he could not survive in human's world. So he
got his revenge by killing his brother and stole his
most sacred power.

Lucifer gave Satan, now
Satan, a gift. He was
given the power of
the Devil
Arthur.

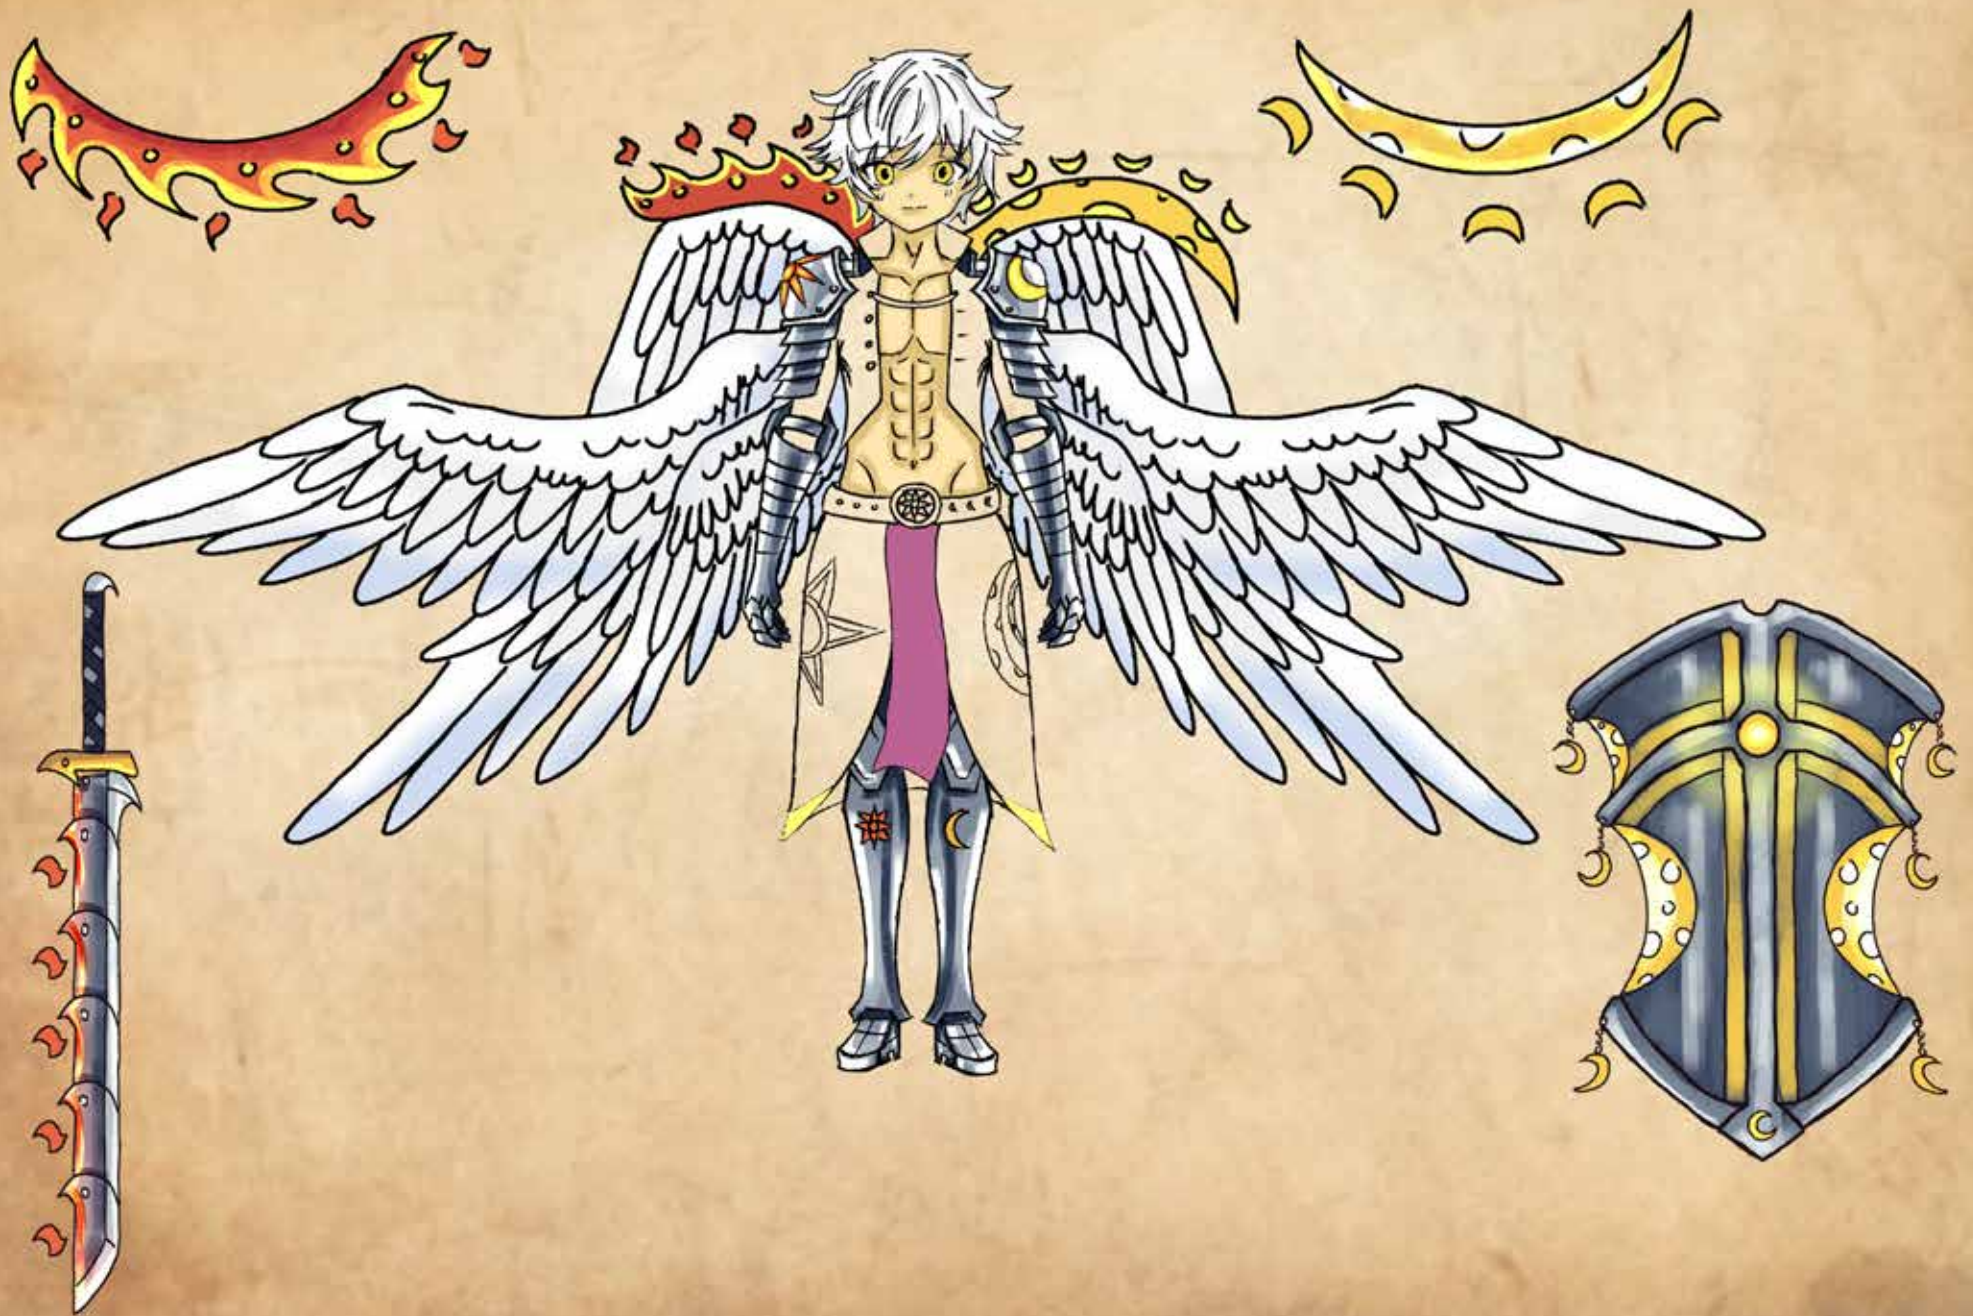

'He who was betrayed
was the one betraying
everything that he was!'

GAME ARTWORK

Sovereign Demon

Bigger than any
Angel or Archangel
except Archangel
Uriel who is still
as shown.

Archangels

They are taller than humans.
They are supreme beings, born to
Might & Magic.

Human

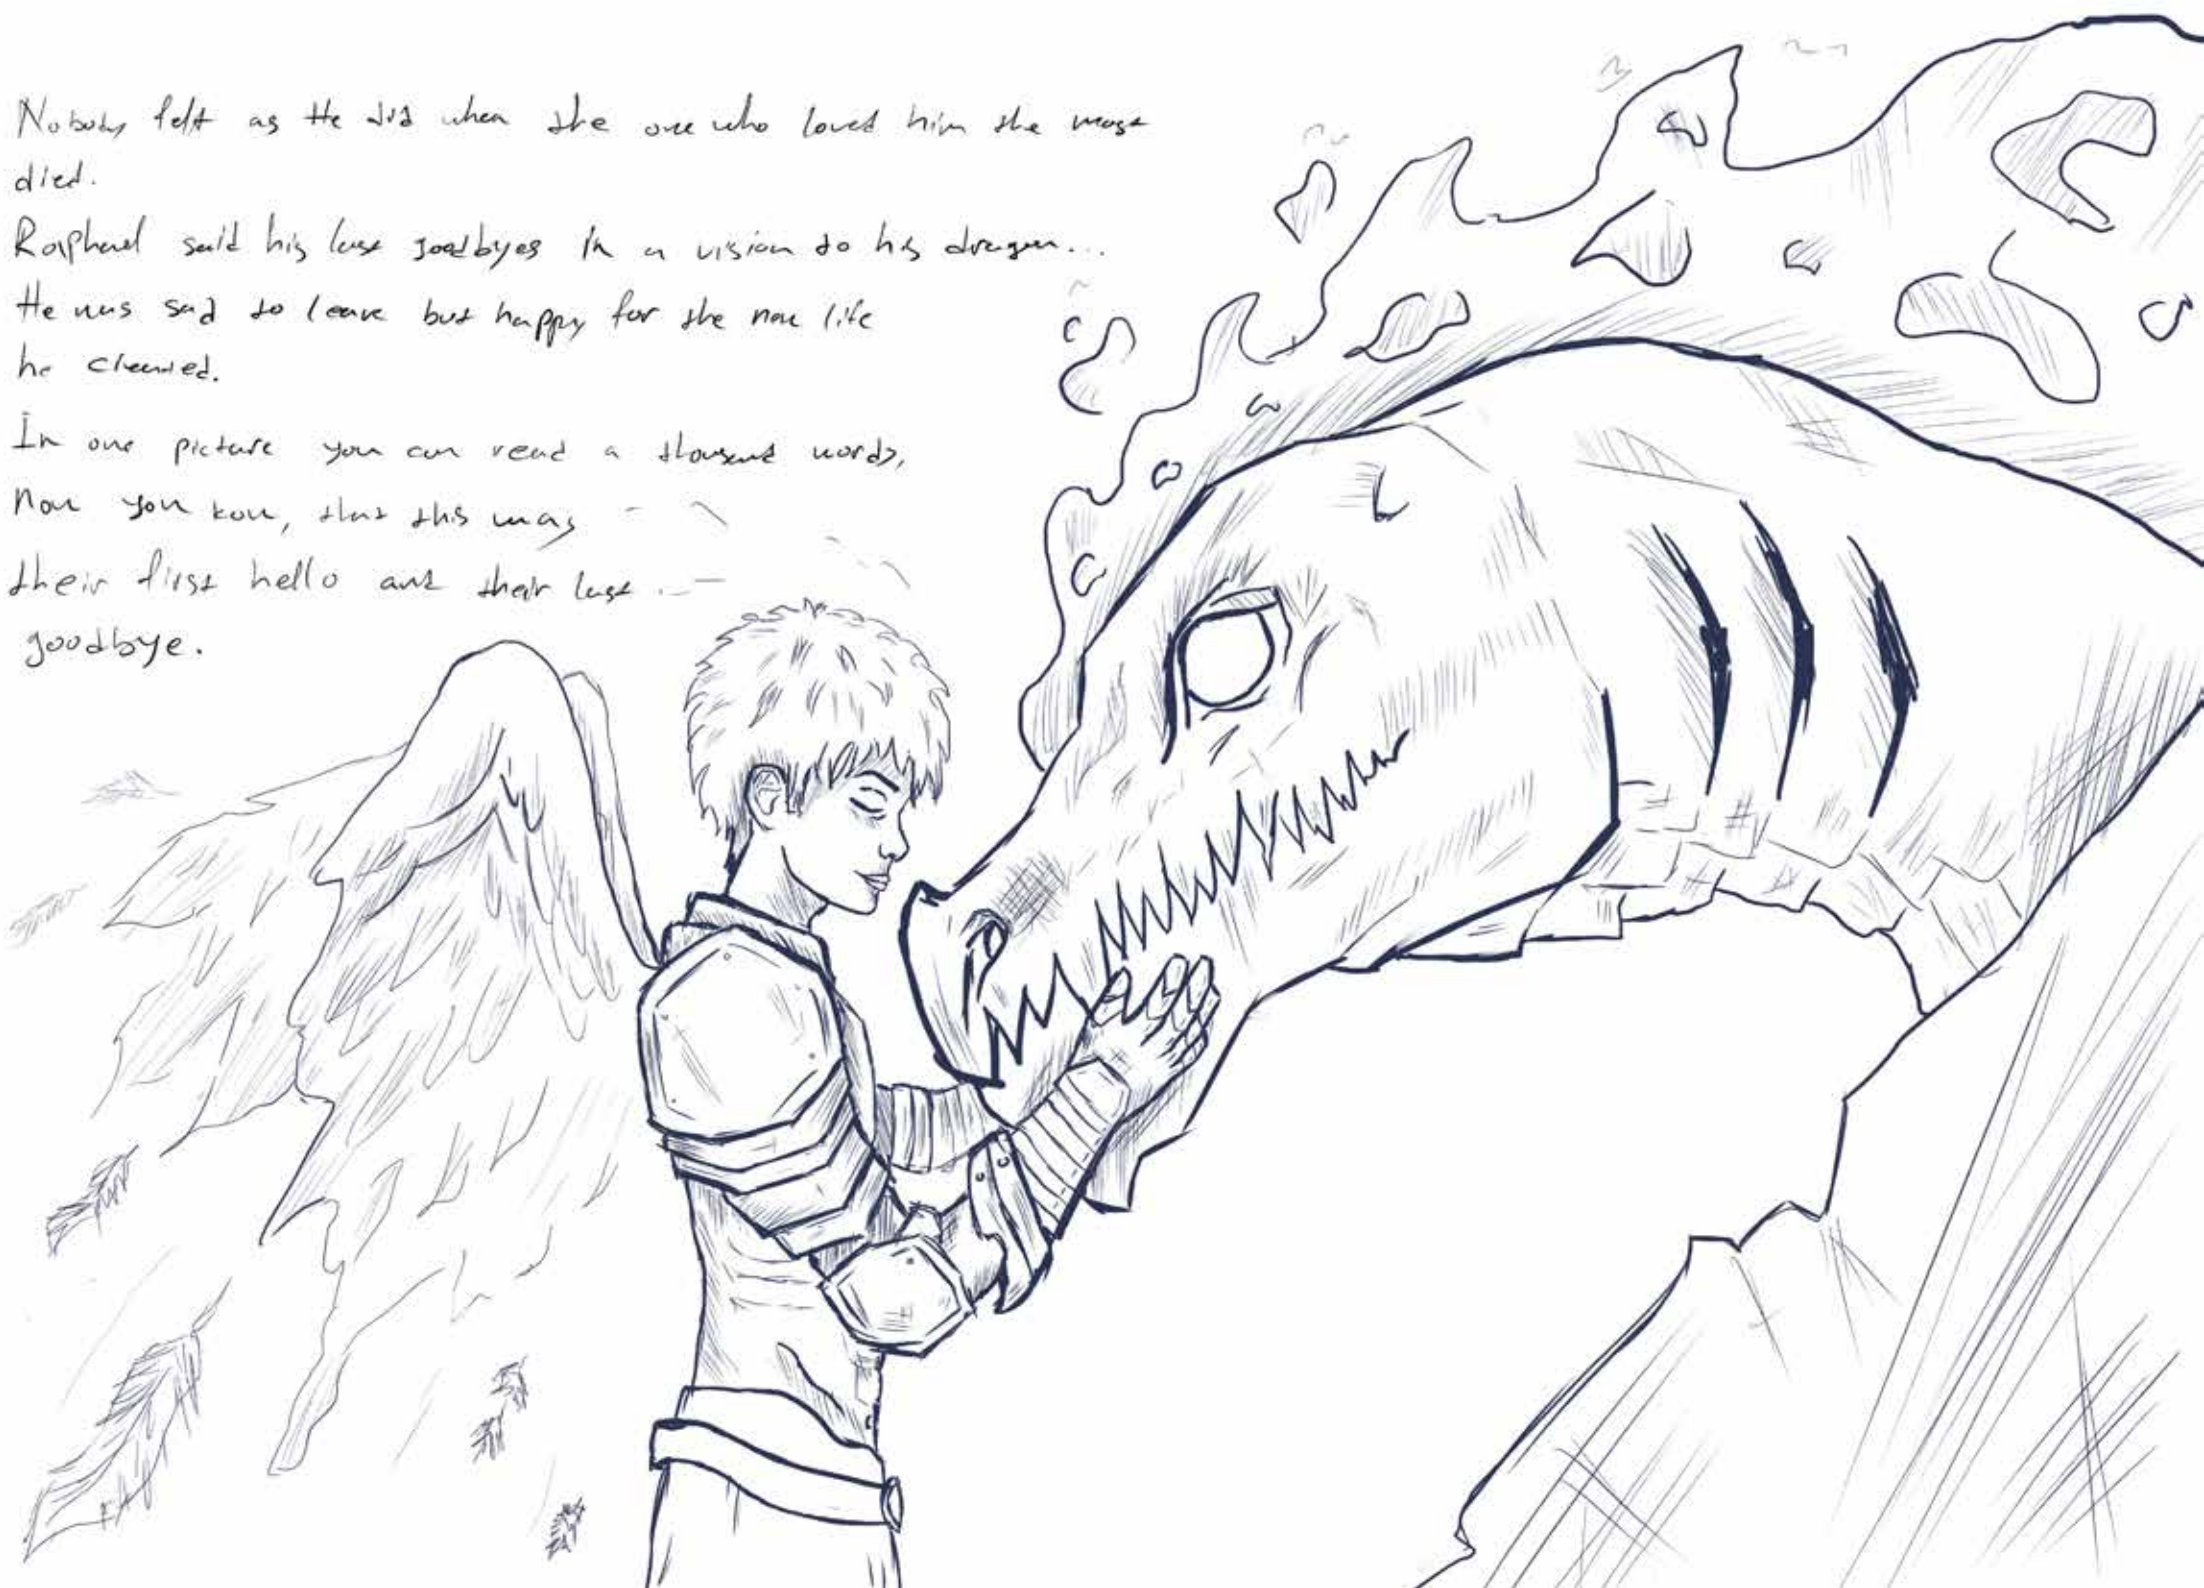

Average human size is
just like Archangel Raphael.

Nobody felt as he did when the one who loved him the most died.

Raphael said his last goodbyes in a vision to his dragon...
He was sad to leave but happy for the new life he created.

In one picture you can read a thousand words,
Now you know, that this was
their first hello and their last
goodbye.

When Archangel Raphael died, his wings
shattered through the Earth.
He intended to save the earth from
unstoppable evil. A SHARK
saw a tiny spark falling
into the Ocean and ate it.

She grew wings and
merged with a holy
fragment of Angels
wing. She grew,
and grew as a
DRAGON does, until
she became something between
herself and it. His
